3.A. OSCEOLA COUNTY SALES TAX PRESENTATION

The request is for the City Commission to hear a Presentation from Osceola County regarding the upcoming ballot measure to consider an additional sales tax for transportation.

Osceola County Commission Chair, Cheryl Grieb, introduced the item and commented that she and County Manager Don Fisher are present to present the facts and information that is needed by the citizens to make a decision on whether or not they will support the proposed one (1) cent Sales Tax increase. As a citizen she can express her opinion but as a representative of the County Commission, she is here only to present the information. The proposed Sales Tax would be used to fix traffic issues. There are three options for the voters: do nothing, approve the tax, or increase property taxes. Unfortunately, doing nothing is not tolerable and educating the citizens with accurate information is the most important.

County Commissioner Grieb introduced Osceola County Manager Don Fisher. Mr. Fisher presented a PowerPoint Presentation and handed out flyers "One-Cent for Transportation" (Exhibit "A"). Mr. Fisher reviewed revenue sources and expenditures for transportation programs and roadways.

3.B. PRESENTATION & UPDATE FROM OSCEOLA READS, THE OSCEOLA COUNTY LITERACY PROGRAM

The performance of users in the City limits of Kissimmee was highlighted during the presentation. The cost to sponsor a Technology Table is a one-time cost of \$1,800.00 per table.

Mayor Alvarez asked City Manager Steigerwald if staff could look into a couple of work stations for the City's community centers.

City Manager Steigerwald stated the City is looking at the afterschool programs located at Chambers Park and Oak Street Community Center. He informed the Commission they could use the Commission Contingency Fund for educational purposes to purchase the iPads needed for the tables. The City can purchase the iPads at a lower cost.

Ms. Trace thanked the Commission and mentioned that if the City can get the iPads at a discounted rate, the sponsorship amount would be reduced.

8. DISCUSSION ITEMS

8.A. REQUEST FROM REMER BAKER, JR.

Mr. Remer Baker, Jr. has requested to address the City Commission regarding the City's ordinance regulating food trucks.

Remer Baker, III, 2654 Mill Run Blvd, Kissimmee, addressed the Commission with a request to allow Food Trucks to operate at other locations outside of Special Events. He understands the City's concern since brick and mortar restaurants pay property taxes, but this is a business for him and he would like to provide services to local businesses who request his services. Mr. Baker stated he prepared a business plan which he provided to the City Manager.

City Manager stated the concern is the current City ordinance is for special events and for Mr. Baker to have his food truck in use more often the City ordinance would have to be changed. Mr. Steigerwald suggested that Mr. Baker could have the individual property owners pull a permit for a special event and then he would be able to set-up at those locations.

Mr. Baker stated he will do whatever the City will allow him to do to continue to grow his business without causing any friction with the restaurant owners. He informed the Commission he is a fourth-generation family member who has spiritual ties to the community, but he would like to continue by expanding into a local business. He is respectfully requesting that he be allowed to operate because he plans to hire cooks and employees that will have jobs. Mr. Baker stated he currently has three locations that would allow his Food Truck to operate; Hoagland Boulevard, John Young Parkway, and Martin Luther King Jr. Boulevard.

Mayor Alvarez clarified the City is not stopping food truck owners from operating if they have the proper permits.

Commissioner Fisher suggested Mr. Baker work with staff to get all the requirements worked out.

City Manager Steigerwald stated right now Mr. Baker would have to have each location pull a reoccurring special events permit. For example, his father's church would pull a permit that would detail every Saturday they are having a special event, they pay the fees and insurance. Each property owner would have to do the same thing.

Commissioner Eady asked Mr. Baker if he was licensed to work in the City of Kissimmee.

Mr. Baker stated he is a licensed business owner and certified chef; he needs the City approval, so he can get Commissary Location from DBPR (Department of Business and Professional Regulations) of Tallahassee Florida so he can operate. His church will allow him to use their kitchen for that. Mr. Baker stated he has all his permits from Osceola County.

Mayor Alvarez stated Mr. Baker has an opportunity to proceed with his business as long as he follows the direction he was given tonight; the Commission does not need to change the ordinance.

City Manager Steigerwald referred Mr. Baker to Development Services Director Craig Holland if he needs additional assistance.

Mr. Baker thanked the Commission and staff for their time.

— HOW DOES — OSCEOLA COUNTY COMPARE?

Osceola County has the highest development fees in Florida, and they are significantly higher than in nearby counties. All new residential development pays mobility and impact fees to offset the cost of transportation impacts specifically caused by new homes. Fees currently collected cannot be used to address transportation issues that existed before the development.

DEVELOPMENT FEES PAID IN CENTRAL FLORIDA PER HOME

In 2016, Osceola County started collecting an additional 5-cent local option gas tax, which generates an average of **\$7.7 million per year**. The money generated has been used for road resurfacing, LYNX and transportation capital projects.

Since non-residents pay a minimum of 46 percent of the sales tax collected in Osceola County, an increased sales tax alleviates some of that tax burden on residents. By comparison, property taxes would need to increase 40 percent to realize the same amount of money as the one-cent for transportation – and non-residents would pay nothing.

ONE-CENT FOR TRANSPORTATION

DID YOU KNOW...

The total cost of widening a two-lane road is about \$20 million per mile. Osceola County currently sets aside \$10 million a year in local funds for road-building.

To address Osceola County's backlog of transportation needs, on May 21st, a special election will be held to answer the following question:

Should transportation facilities and services be funded throughout Osceola County, including projects that improve roads and bridges, expand public transit options, fix potholes, enhance bus services, relieve rush hour bottlenecks, improve intersections, and make walking and biking safer by levying a one-cent sales surtax for 30 years?

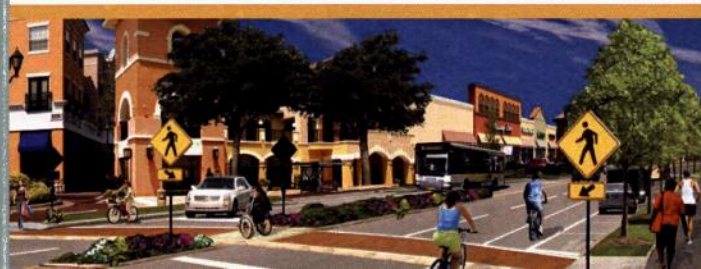

All transportation projects funded by the one-cent increase will be approved through the public hearing budget process.

WHY SHOULD YOU CONSIDER THIS INCREASE?

Traffic congestion negatively impacts citizens' quality of life, hurts local businesses and increases response times for emergency vehicles. The one-cent will help improve everyone's quality of life in Osceola County.

At present, the County can afford to invest in about one road project **every 7 to 10 years**, and has a **\$1.1 billion road-building backlog**. The money raised will be used primarily to build, widen and resurface local roads and improve intersections to relieve rush hour bottlenecks.

The additional one-cent also will allow the County to leverage considerable state and federal grant dollars – money that now goes to other communities that are able to match grant awards with local funds.

HOW WILL I BE AFFECTED?

The average resident will pay about

\$10 PER MONTH

in additional sales tax.

HOW WILL I BENEFIT?

- New and improved roads
- Less potholes
- Fewer rush hour bottlenecks
- Improved intersections
- Safer walking and biking options
- Enhanced bus services
- Expanded public transit options

A specific list of eligible roads, bridges and transportation improvements – from sidewalks to trails to public transit – can be found on the County's website at **www.Osceola.org**.

The overwhelming majority of funds will be spent on road improvements. SunRail and LYNX also require public support to maintain and expand services and provide an efficient and economical transportation alternative for Osceola residents.

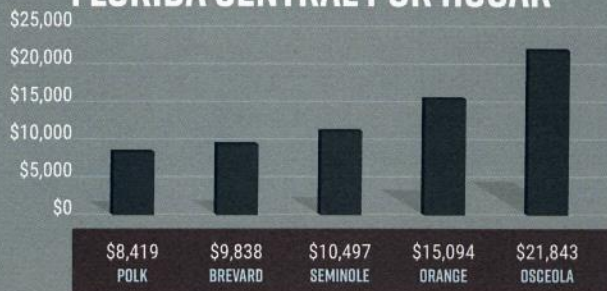

More than 212 miles of recreational trails are waiting to be built in Osceola County – *and the one-cent could take a large bite out of that deficit.*

The County also plans to improve walking and bicycling safety by addressing the current \$250 million funding deficit needed just to fill in existing sidewalk gaps.

— ¿CÓMO SE — COMPARA EL CONDADO DE OSCEOLA?

El Condado de Osceola tiene las tarifas de desarrollo más altas de Florida y son significativamente más altas que en los condados vecinos. Toda construcción residencial paga tarifas de movilidad e impacto para compensar el costo de los impactos por transportación específicamente causados por nuevas viviendas. Las tarifas que se cobran actualmente no pueden ser utilizadas para resolver asuntos de transportación que existían antes de la construcción.

TARIFAS DE DESARROLLO PAGADAS EN FLORIDA CENTRAL POR HOGAR

En 2016, el Condado de Osceola comenzó a recaudar una opción local de cinco centavos en el impuesto sobre la gasolina, la cual genera un promedio de \$7.7 millones por año. El dinero generado ha sido utilizado para la repavimentación de carreteras, LYNX y proyectos de capital para la transportación.

Como los visitantes pagan un mínimo de 46 por ciento de los impuestos sobre las ventas recaudadas en el Condado de Osceola, un aumento en el impuesto sobre las ventas alivia parte de esa carga fiscal sobre los residentes. En comparación, los impuestos sobre la propiedad necesitarían aumentar en un 40 por ciento para producir la misma cantidad de dinero que el recargo adicional de un centavo al impuesto sobre las ventas- y los visitantes no pagarían nada.

UN CENTAVO — PARA LA — TRANSPORTACIÓN

¿SABÍA USTED...?

El costo total de la ampliación de una carretera de dos carriles es de \$20 millones por milla. El Condado de Osceola actualmente aparta \$10 millones al año de los fondos locales para la construcción de carreteras.

Para responder a la acumulación de necesidades de transportación del Condado de Osceola, el 21 de mayo se realizará una elección especial para responder a la siguiente pregunta:

¿Deberán ser financiadas las instalaciones y servicios a través de todo el Condado de Osceola, incluyendo los proyectos de mejoras a carreteras y puentes, la expansión de opciones de transporte público, reparación de baches, mejoras a los servicios de autobús, alivio durante la congestión en horas pico, mejoras en las intersecciones y proveer seguridad para peatones y ciclistas imponiendo un impuesto adicional sobre las ventas de un centavo durante 30 años?

Todos los proyectos de transportación financiados por el aumento de un centavo serán aprobados en audiencia pública a través del proceso presupuestario.

¿POR QUÉ DEBE CONSIDERAR ESTE AUMENTO?

La congestión de tránsito impacta de manera negativa la calidad de vida de los ciudadanos, afecta a los negocios locales y aumenta el tiempo de respuesta de los vehículos de emergencia. El impuesto adicional ayudará a mejorar la calidad de vida de todos en el Condado de Osceola.

Al momento, el Condado solo puede invertir en un proyecto de carreteras **cada 7 a 10 años** y tiene un retraso de **\$1.1 mil millones en la construcción de carreteras**. El dinero recaudado se utilizará principalmente para construir, ampliar y repavimentar las carreteras locales y mejorar las intersecciones para aliviar la congestión en horas pico.

El impuesto adicional de un centavo también permitirá al Condado tomar ventaja de los considerables dólares de subsidios estatales y federales – dinero que actualmente se destina a otras comunidades que pueden igualar los subsidios con fondos locales.

¿CÓMO ME AFECTARÁ?

El residente promedio pagará alrededor de

\$10 AL MES

en impuestos adicionales sobre las ventas.

¿CÓMO ME BENEFICIARÉ?

- Carreteras nuevas y mejoradas
- Menos baches
- Menos congestión en horas pico
- Mejoras en las intersecciones
- Opciones más seguras para caminar y para ciclismo
- Servicios de autobús mejorado
- Expansión de las opciones de tránsito público

Podrá encontrar una lista específica de carreteras, puentes y transportación elegibles – desde aceras a senderos y transporte público en la pagina web del Condado en www.Osceola.org.

La gran mayoría de fondos serán destinados a las mejoras a carreteras. SunRail y LYNX también requieren apoyo público para mantener y ampliar sus servicios y proveer una alternativa eficiente y económica de transportación para los residentes de Osceola.

Más de 212 millas de senderos recreativos están esperando para ser construidos en el Condado de Osceola - y el impuesto adicional podría reducir este déficit.

El Condado también tiene planes para mejorar la seguridad peatonal y de ciclismo al abordar el actual déficit de fondos de \$250 millones necesarios para tan solo llenar las brechas existentes en las aceras.

WHY PRAY FOR AMERICA?

God is sovereign and nothing comes as a surprise to Him. Whether we face fluctuating economics, threats from abroad, unrest at home, or other troubling circumstances, our Heavenly Father is not caught unaware. Through prayer, we are able to tap into His wisdom, strength, protection, and peace. He stands ready to respond to our needs when we humbly ask for divine intervention in the affairs of men.

As we Pray for America, who's pledge of allegiance recounts that we are "one nation under God", and whose currency states that it is "in God we trust", we want Americans to encounter the God who rules over their country. "He who forms the mountains, creates the wind, and reveals His thoughts to man, He who turns dawn to darkness, and treads the high places of the earth- the LORD God Almighty is His name." - Amos 4:13. NIV

He is the One who gave us this promise in 2 Chronicles 7:14: "If my people, who are called by My name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven and will forgive their sin and will heal their land." As we humbly and diligently seek Him, we'll be changed, and we'll see transformation in America through prayer!

EQUIPPED TO P.R.A.Y.

PRAISE - Thank God for what He has already accomplished through Jesus.

REPENT - Confess your sins and shortcomings. Repent personally and on behalf of our nation. The Lord is quick to forgive when we come humbly to Him.

ASK - Ask God to reveal truth, turn our hearts back toward Him, and bring healing.

YIELD - Yield to the Lord and recognize that He has heard our prayers and will answer according to His will. He is ready to provide guidance and direction.

OUR MISSION

The mission of the National Day of Prayer Task Force is to mobilize prayer in America and to encourage personal repentance and righteousness in the culture.

"So that with one mind and one voice you may glorify the God and Father of our Lord Jesus Christ." - Romans 15:6

PRAYER FOR THE NATION

Anne Graham Lotz, 2014 Honorary Chairman
National Day of Prayer Task Force

Lord of the Universe. Lord of this planet.
Lord of the nations. Lord of our hearts.

On this National Day of Prayer, we look to You...
In the darkness, You are our Light. In the storm, You are our Anchor.
In our weakness, You are our Strength. In our grief, You are our Comfort. In our despair, You are our Hope. In our confusion, You are our Wisdom. In time of terrorism, You are our Shield. In time of war, You are our Peace. In times of uncertainty, You are the Rock on which we stand.

We make our prayer to You using the words of the prophet Daniel:
O Lord, You are the great and awesome God, who keeps His covenant of love with those who love Him and keep His commandments. You are merciful and forgiving. You are righteous, but this day we are covered with shame because we have sinned against You, and done wrong. We have turned away from Your commands and principles.
We have turned away from You.

Yet, You have promised in 2 Chronicles 7, that if we - a people identified with You - would humble ourselves, pray, seek Your face, and turn from our wicked ways, then You would hear our prayer, forgive our sin and heal our land.

So we choose to stop pointing our finger at the sins of others, and examine our own hearts and lives. We choose to acknowledge our own sin--our neglect and defiance and ignorance and even rejection of You. This day we choose to repent.

In response to our heartfelt repentance, God of Abraham, Isaac and Jacob, Father of Jesus Christ, in keeping with all Your righteous acts and according to Your promise, turn away Your anger and Your wrath from the United States of America. Hear the prayers and petitions offered to You on this National Day of Prayer, as we give You our full attention. Give ear, our God, and hear; open Your eyes and see. We do not make requests of You because we are righteous, but because of Your great mercy.

For the glory of Your Name hear our prayer, forgive our sin, and heal our land.

We ask this in the name of Your Son Jesus Christ who offers us salvation from Your judgment, forgiveness for our sin, and reconciliation with You through His own blood shed on the Cross.
Amen!

COMMIT2PRAY

Engaging to Pray for America

Based on Ephesians 4, the *Pray for America* Challenge is designed to *ENGAGE*, *EQUIP*, and *ENCOURAGE* people to seek and *ENCOUNTER* the Lord through prayer, and see Him bring transformation! The definition of *engage* is to occupy a person's attention and efforts in a particular activity. This means having our minds, hearts, and actions fully committed in our communication with God.

WAYS TO GET INVOLVED

Pray - As an individual, group, or church, you can purpose to pray! "Since prayer is at the bottom of all this, what I want mostly is for men to pray - not shaking angry fists at enemies but raising holy hands to God." - 1 Timothy 2:8, The Message

Present - You can also present the challenge to your family, friends, church, or anyone else you know. By directing them to the Commit2Pray.com website, they can connect with the prayer community, download tools and resources, and learn about prayer events being held all across the country.

Partner - As God leads you, there are a number of ways your church, business, or organization can get involved. You can endorse, help sponsor, or even organize prayer groups and events in your community.

*It all begins with a decision.
